

Step 1: How to join your Workshop

By clicking the „Join Now“ Button on Eventmobi, another window will open.

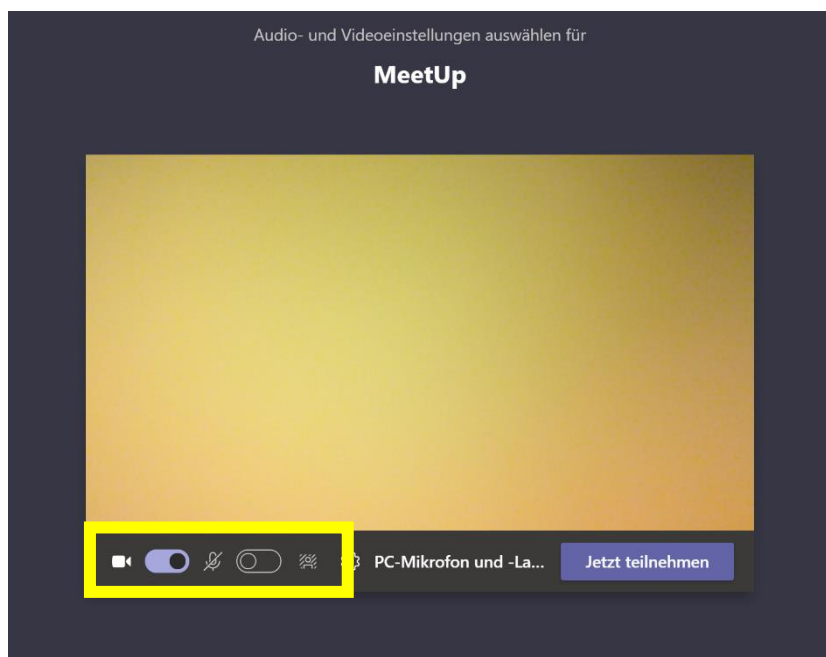

Now you can chose between two options.

- 1.) For the best performance we recommend to download the MS Teams App.
- 2.) But of course it is also possible to join via your Browser (Chrome, Edge or Safari).

Step 2: How to join the MS Teams Meeting-Room

Before you enter the Room, please make sure to switch on your Camera and to keep your Microphone turned off.

If you have problems to enter the workshop, please contact Sönke Brinker (brinker.soenke@dihk.de)
